Creating is a big part of who I am so my stamp designs reflect my personality, interests and things I am passionate about. Although I have been part of the craft industry for over 20 years I still love it now as much as I did when I first started.

In June's festive collection, the ever popular gnomes are back and have been given a fun festive makeover! Accompanying the gnomes are a range of cute Christmas characters that are impossible to resist. Each of the stamp sets include a selection of festive sentiments and there's even a Snowflake Flurry stamp to create the perfect winter wonderland layers!

July's range is an eclectic mix of beautifully illustrated designs covering a range of popular Christmas characters, scenes and decorative elements. Each stamp set includes a selection of thoughtful festive sentiments along with a Christmas Strips sentiments stamp, providing the perfect finishing touch to festive makes!

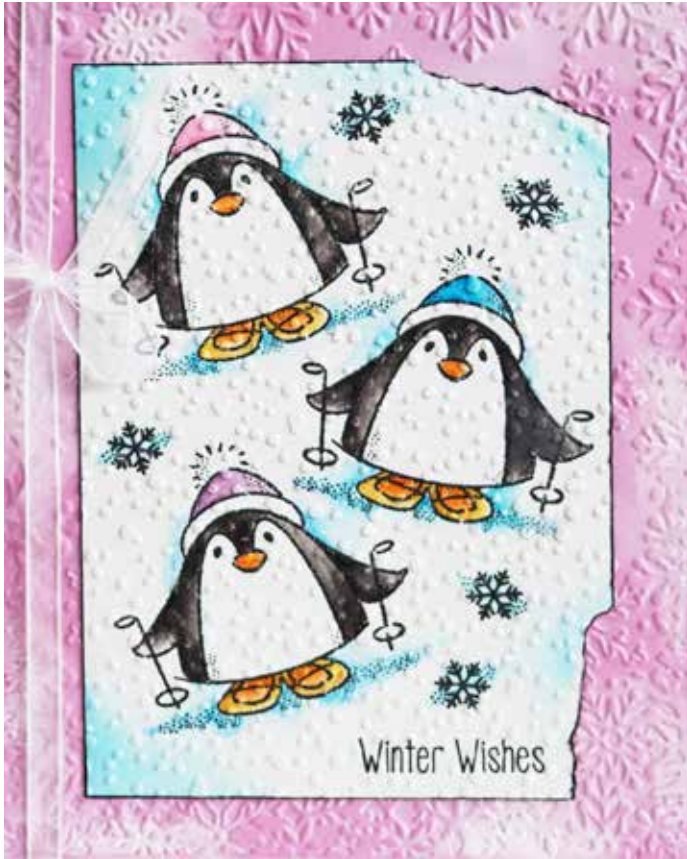

I hope you enjoy creating with them, Françoise

## Jane Gill

I've been a creative person all my life. For the past twenty odd years I've been in the paper craft industry teaching, demonstrating and designing. My love of drawing has opened up all kinds of creativeness in the stamping world and now I'm a member of a fabulous team at Creative Expressions as one of their stamp designers.

June's festive release features a fabulous range of Bubble stamp designs. They're so much fun to create with and you can add a multitude of finishes to make them truly unique. I've designed a Bubble Tops stamp set with 40 mini stamps and a Bubble Craft die to decorate them, use with Cosmic Shimmer colouring media to create amazing finishes! There are also 6 mini stamps to complete the collection.

July's range features an adorable selection of Fuzzies stamps, covering a variety of popular festive characters and themes. Each stamp set includes cute sentiments and smaller elements, they're so much fun to create with! There are some gorgeous mini stamps to accompany the larger designs and some teeny tiny footprint stamps that are irresistible!

I really hope you enjoy using them and spending many happy hours colouring,  
Jane
