Sue Wilson

Christmas is such a magical season and I've designed 3 gorgeous new collections for you to enjoy. I've had great fun creating lots of lovely cards with them and I hope they inspire you too!

June's release features a BRAND NEW Christmas Angel, a range of panels, borders and backgrounds that will add stunning detail to projects, two craft die sets with lots of festive elements and a selection of sentiments for the perfect finishing touch!

July's collection features panels, borders and frames which will enable intricate layers to be built with ease and perfectly finished! There's also a super cute Christmas Village craft die set, a gorgeous Scalloped Ovals craft die set and a range of festive sentiments.

There are some wonderful additions to the Slimline Collection in August's release, accompanied by a versatile Slimline Christmas Accessories craft die set. There's also a range of traditional embellishments and sentiments including a Festive Panel Sentiments craft die set, which will create the perfect focal point for designs.

All for now, Sue x

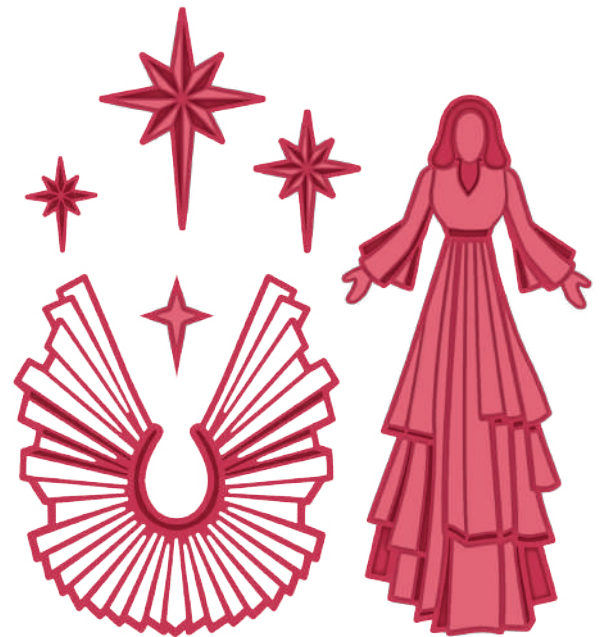

Craft Dies

All of my designs commence in my sketch book, I illustrate clean cut, stylish designs, while aiming to maintain a hand drawn essence.

My brand new collection features a range of festive favourites including snowmen, robins and a pudding! These fabulous designs are beautifully crafted and so easy to make, you can achieve the stunningly detailed results with just one pass through your die cutting machine.

The versatile collection is ideal for creating a variety of cards and projects. Four of the designs include two craft dies, which can be used on their own or together for that little bit extra! Add your favourite sentiment for the perfect finishing touch!

I hope you enjoy creating with them, Cathie

Jamie Rodgers

I've been crafting in one form or another all of my life, finding my way into the wonderful world of papercraft aged 16. I find inspiration in just about everything from logo colour schemes, to the designs of cars and buildings.

My BRAND NEW Tea Bag Folding craft dies are perfect for creating 3D focal points and include mini shapes and decorative designs for that extra WOW factor. They're easy to construct and incredibly versatile, simply fold on the score lines and follow the step-by-step instructions.

Use them with the gorgeous accompanying paper packs, or the stunning co-ordinating stamp designs, which you can colour with Cosmic Shimmer inks, paints & more to make your own unique folded structures. Each stamp set includes additional elements and sentiments, creating the perfect finishing touch!

Have lots of festive fun, Jamie

Sam Poole

I have always been a crafter from an early age. I used to spend hours drawing and making things from cardboard or whatever I could get my hands on. I started with cross stitch and then got into rubber stamping and card making. I love designing rubber stamps and I get excited every time the rubber lands on my desk. Stamping is just so versatile.

My new stamp designs are inspired by all the things I love at Christmas and that warm and fuzzy nostalgic feeling you get at Christmastime. The range includes everything from gingerbread bakes to mugs of hot chocolate, each with a variety of sweet sentiments and additional elements. There are two background stamps for adding textured layers and a versatile gingham paper pad to complement the collection.

I hope you enjoy the designs, Sam

Clear Stamps By Françoise Read

Françoise Read

Creating is a big part of who I am so my stamp designs reflect my personality, interests and things I am passionate about. Although I have been part of the craft industry for over 20 years I still love it now as much as I did when I first started.

June's release is full of cute festive favourites including Santas, reindeers and robins. There's also a stunning Holy Night scene and a range of adorable mini designs including gorgeous postage stamps!

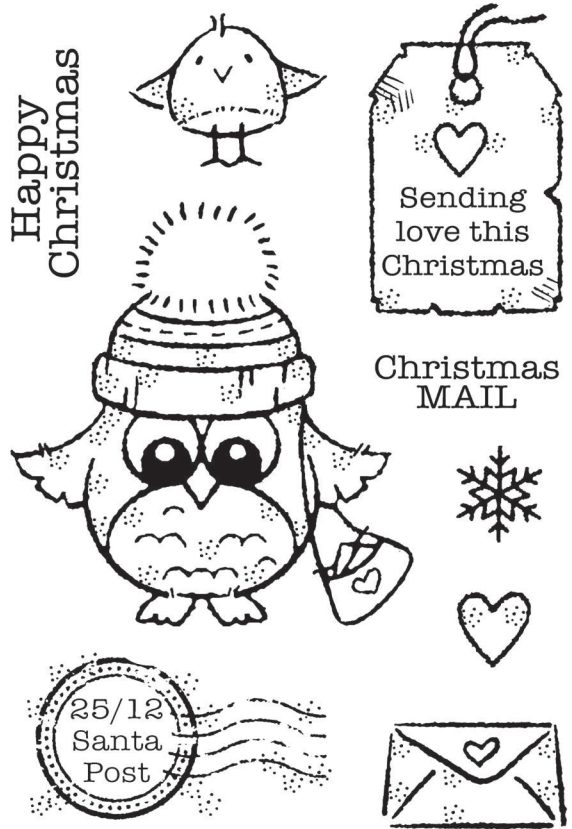

August's release includes a range of traditional Christmas themes, with a modern stylised finish. There's a couple of snowmen designs, a Loving Christmas sentiments stamp and a range of super cute mini stamps.

Most of the stamp sets include coordinating additional elements and sentiments providing the perfect finishing touch to all your makes!

I hope you have lots of fun creating with them, Françoise

Clear Stamps & Craft Dies By Jane Gill

My training as a graphic designer and botanical illustrator has played a big part in influencing my stamp designs and papercrafting life. I still love it after forty plus years and I'm in my craft room every day, drawing, colouring, cutting out and everything in between.

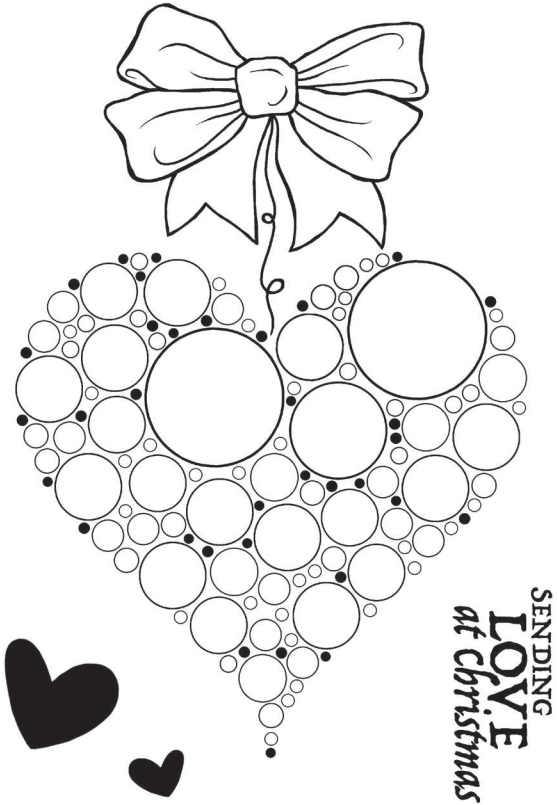

My brand new collection released in July features additions to the popular Bubble stamp range. They're amazing fun to create with and you can add a multitude of finishes to make them truly unique. There are also three new Bubble Tops stamp sets, which contain adorable mini stamps for creating additional decorative elements.

To accompany the stamps are a range of craft dies for cutting the perfect size shapes to enhance your designs. Create backgrounds made from Cosmic Shimmer mediums or use patterned papers stamped with the cute little Bubble Tops.

I really hope you enjoy using them and spending many happy hours colouring, Jane

Even from a young age Bonnita remembers spending hours colouring and drawing. Following on from a degree in Graphic Design she set up a business and developed her own signature style.

Bonnita's vibrant use of colour combined with amazingly detailed illustrations sees her artwork constantly in demand.

Bonnita has developed a gorgeous range of rubber stamps for release in August. The designs celebrate a range of popular festive scenes and themes.

The stamps are made from a durable grey natural molding rubber and are deeply etched allowing for finer print details, perfect for capturing the stunning details in Bonnita's designs.
